EDUCATION

B.Tech — Computer Science & Engineering 2023 – 2027

Dr. A.P.J. Abdul Kalam Technical University (AKTU), Lucknow | CGPA: 8.81 / 10

PROFESSIONAL SUMMARY

B.Tech CSE 2027 · Spring Boot backend with JWT security & live deployment

on Render · Aiven cloud MySQL · Docker · 150+ LeetCode problems · CGPA 8.81

TECHNICAL SKILLS

Languages: Java, C++, C, Python, JavaScript

Backend: Spring Boot, Spring Security, JWT Authentication, REST APIs, Spring Data JPA, Hibernate

Database: MySQL, Aiven Cloud Database — Normalization (3NF), Indexing, Transactions, Row-level Locking, Pagination, Sorting, Filtering

Testing: JUnit 5, MockMvc, Integration Testing, Spring Boot Test

DevOps & Deployment: Git, GitHub, Docker, Render, Environment Variables, Maven

Core CS: Data Structures & Algorithms, OOP, Operating Systems, DBMS

Tools: Swagger/OpenAPI, Spring Boot Actuator, Postman

PROJECTS

Smart Task Management System [GitHub →](#) [Live Demo →](#)

- Built and deployed 15+ REST endpoints with JWT Authentication and
- Role-Based Access Control (ADMIN/USER), live on Render with Aiven
- cloud MySQL — one of few fresher projects with a public deployment URL.

Smart Queue Management System [GitHub →](#)

- Built a RESTful queue scheduling backend supporting 2 user tiers
- (normal + priority) with FIFO and priority logic across 8+ API

endpoints, with ACID-compliant transactions ensuring zero data loss under concurrent requests.

Banking Ledger System [GitHub →](#)

- Designed an ACID-compliant banking ledger with 3 stored procedures
 - handling debit, credit, and fund transfer — with row-level locking,
 - deadlock prevention, and idempotency protection across concurrent transactions.
-

ACHIEVEMENTS & ACTIVITIES

- 150+ LeetCode problems solved across two-pointer, sliding window, recursion, and graph traversal — consistently active on the platform.
- One of few B.Tech freshers with a publicly accessible live deployment Spring Boot + JWT + Docker + Aiven MySQL hosted on Render with environment-variable-based config (no hardcoded credentials).
- Maintained 8.81 CGPA across 5 semesters at AKTU while independently building and shipping 3 backend projects from scratch.
